## Monster Goanna!

Excitement plus here!!!!

I saw Buddy, my dog fly past the bathroom window the other day, all of a sudden I hear that dumb, gormless type thud of what sounded like a goanna running into a fence.

Buddy was wailing like a banshee by this time so I went to investigate and this is what I found .....

*A huge hairy monstrous goanna in our swimming pool* showing no intention of getting out.

Do you know how bad goanna poo smells ???? DISGUSTING so I was keen to evict him ASAP.

I got the pool leaf scoop and effected my rescue.

No animals were harmed in this process (including myself).....Wendy Wildlife Warrior

## COMMUNITY HALL OP SHOP

## THE "OP SHOP"

Opening the Op Shop on the same day as Market day is proving successful, for all those unable to visit the Op Shop during the week, we are open from 8am-12pm the first and third Saturday morning of each month.

Come and see the new shelving in the Op Shop. Thanks to Di S and Bob, Michael, Justene, Margie and Trevor and everyone else who assisted is this transformation.

We have wonderful new goodies donated each week which keeps the stock ticking over. We are so grateful to all those who donate to the Op Shop - Thank you. We are also very grateful to our Op Shop Assistants for your hard work and dedication. To have the backing of such a supportive community, hardworking volunteers, not to mention our frequent flyer customers - you all are the reason why the Op Shop is as successful as it is.
